# Nada Ali S. Alzahrani

## Machine Learning | Data Visualization

+966 537 610 866 | nadaaalzahranii@gmail.com | Nada Alzahrani | Saudi Arabia

## PROFESSIONAL PROFILE

As a Data Analyst and aspiring Data Scientist with hands-on experience in data analysis, machine learning, NLP, and AI. Experienced in analyzing large datasets and deploying scalable AI solutions such as Arabic OCR systems. Strong foundation in data visualization, and cloud-based model deployment. Hold a bachelor's degree in Computer and Information Sciences and multiple certifications in data science, analytics, and AI.

## PROFESSIONAL EXPERIENCES

**Freelance | Saudi Arabia**

Freelance data Analyst | June 2026 – Present
- Portfolio: https://naauuz.github.io/Portfolio/
- Develop interactive Power BI dashboards and data visualizations to communicate analytical findings.
- Clean, transform, and analyze datasets to support data-driven decision-making.

**Career First Company | Human Resources Development Fund | Saudi Arabia**
Data Analyst | March 2022 – August 2025.

Key Achievements
- Improved data accuracy and consistency by implementing systematic data-cleaning.
- Delivered insightful visualizations and reports that enhanced stakeholder understanding of user behavior.

Core Responsibilities
- Perform end-to-end data analysis, from data acquisition and preprocessing.
- Collaborate with cross-functional teams to translate business requirements into analytical solutions.
- Create analytical reports and interactive dashboards on user demographics.

**Data Science Special Interest Group | Saudi Arabia**
Intern | September 2020 – December 2020.

Key Achievements
- Increased character recognition accuracy through effective preprocessing and augmentation strategies.
- Built a robust and diverse handwriting dataset that improved model generalization.

Core Responsibilities
- Perform data preprocessing tasks including image cleaning, normalization.
- Train, evaluate, and optimize OCR models for accurate Arabic character detection.

**King Abdulaziz City for Sciences and Technology (KACST) | Saudi Arabia**
Cooperative Trainee | May 2020 – August 2020.

Key Achievements
- Successfully deployed a scalable chatbot solution capable of handling high volumes of user queries.
- Streamlined customer support operations by reducing manual intervention and response time.

Core Responsibilities
- Design, develop, and maintain NLP pipelines for Arabic text processing and intent recognition.
- Collect, clean, and analyze conversational data to enhance chatbot performance.

## ACADEMIC BACKGROUND

**Imam Muhammad Ibn Saud Islamic University | Saudi Arabia**
Bachelor's Degree in Computer and Information Sciences | July 2020.

## CERTIFICATES & LICENSES

- Modern Data Engineering for AI Systems | Saudi Data & AI Authority | July 2026
- Introduction to Data Science in Python | University of Michigan | Coursera | GPA:91% | December 2025.
- Data Collection and Processing with Python | Coursera | GPA:100 % | December 2025.
- Calculus for Machine Learning and Data Science | Coursera | GPA: 96% | December 2025.
- Data Analytics Bootcamp | National IT Academy (NIT) | 30 hours | December 2020 – March 2021.
- Data Analyst Nanodegree | Udacity | Misk Academy | December 2020.

## COURSES

- NLP: Twitter Sentiment Analysis | Coursera.
- A Program with KAUST Specializing in Artificial Intelligence | January – May 2026 https://academy.kaust.edu.sa/ar/program/university-students/ai-specialization/.

## PROJECTS

- **Graduation Project: Cancer Classification Using Microarray Gene Expression Data, Using Python.**
- Built a cancer classification model in Python using microarray gene expression data, leveraging feature selection and machine learning techniques to achieve accurate predictions.

## SKILLS

**Strategic & Analytical Thinking:**
- Critical Thinking & Problem Solving.
- Risk Assessment & Decision-Making.
- Process Optimization.
- Data-Driven Strategy Development.

**Leadership & Team Management:**
- Team Supervision & Performance Monitoring.
- Staff Development & Mentoring.
- Workflow & Operational Coordination.
- Conflict Resolution & Motivational Support.

**Job Expertise:**
- Data Analysis.
- Machine Learning.
- NLP & AI Solutions.
- Data Preprocessing.

**Technical & Productivity Tools:**
- Microsoft Office Suite.
- Python & SQL.
- Power BI.
- Google Collab.

## LANGUAGES

- Arabic.
- English.
